## MESSAGE FROM CVTeam PRESIDENT OF THE ACC PUERTO RICO

Dear Cardiovascular team:

At the end of this educational program the COVID-19 emergency has coming to an end, as announced. During the past three years, we have been offering a new approach in our annual meeting program to be more inclusive in the diversity of speakers, and actual in the content. We had the privilege to have Advance Practice Nurses and Cardiologists in our program, but also Endocrinologist, Emergency Medicine Physicians, Hematology-Oncologists, PharmD, Respiratory Therapy Technicians and Nursing professors and Specialized staff nurses. We have raised the bar in the content and quality of our program, it's your responsibility to maintain it.

Also, we have begun plans to resume the community outreach program. It is up to you to promote and participate in these activities as a group. Spread the word: The Cardiovascular Team is present in our community and our chapter.

I appreciate your support to our educational activities even during the health emergency.

Thank you all for let me be part of the Team!

*Carmen G. Osorio, MSN*

**Carmen G. Osorio-Santana, MSN, RN, CNS**  
President 2020-2023  
ACC-Cardiovascular Team
